WALL STREET HAD A PANIC

Three Large Chicago Financial Institutions Went to the Wall Yesterday

Chicago, Dec. 19.—Three of the largest financial institutions in the West, the Chicago National Bank, the Home Savings Bank and the Equitable Trust Company, all of them controlled by John R. Walsh, of Chicago, and in a great measure owned by him, suspended operations yesterday. Their affairs will be liquidated as rapidly as possible and they will go out of business. The failure involves $30,000,000.

WALL STREET PANIC

New York, N.Y., Dec. 18.—The failure of three important banking institutions in Chicago, came as a total surprise to Wall street and the stock market was thrown into a spasm of fright, alarmed holders, endeavoring to get rid of stock at any price.

FOURTEEN SUFFOCATED

Home Court, France, Dec. 18.—Fourteen men were suffocated while cleaning boilers in the naval steel works.

TO HURRY TRAFFIC

BYE-ELECTION IN JANUARY.

Ottawa, Dec. 18.—The Federal bye-election in Compton, Que., on account of the unseating of Hunt, takes place on January 4th. Refus Pope will likely oppose Hunt.

ENGLISHMEN ARE SORE.

New York, N.Y., Dec. 18. — Dispatches from London allege that there is much indignation among Englishmen at the preponderance of Scotsmen in the new British cabinet. One correspondent says Scotland's only claim to fame is her being the birthplace of a lewd poet.

SETTLER FOUND DEAD.

Manor, Sask., Dec. 18. — Louis Schoenhide was found dead in his bed on Friday. He was a farmer from Woodstock, Ont. The body was frozen stiff and the fact that his live stock was almost famished indicated that he had been dead quite four days and had died alone in his shanty. Heart disease is thought to have been the cause.

KILLED BY KNOCK-OUT DROPS

Medicine Hat, Dec. 18.—The coroner's jury in connection with the death of Wm. Behnke, of Pincher Creek, who died in the general hospital November 18, heard Dr. Smith, the coroner, read a report today from Charlton, the government analyst at Regina, conveying the startling information that chloral hydrate, a deadly poison, had been found in considerable quantities in the stomach contents and urine of the dead man. The station master who put him on the train, and the boarding-house proprietor, Beraatz, gave evidence, but threw no light. This poison is commonly known as knock-out drops. When Behnke reached the hospital he carried the same amount of money as when he left home, $1,300. Investigation adjourned for more information.

AGED LADY GONE

Crystall City, Dec. 18.—Mrs. John Balkwell, mother of Hon. Thos Greenway died at the ex-Premier's residence at the advanced age of 90 years. Mr. Greenway is in Chicago and will not be able to return in time to be present at the funeral which takes place today.

She was born in England and came to Canada over 60 years ago from Plymouth settling near Bowmanville with her first husband, Thos. Greenway Sr, and children. She leaves three sons, Hon. Thos., John, and William of this place, and one daughter Mrs. Rev. Holmes, of Dorchester, Ont.

NEW BRIDGE AT THE FORT

Contract Let For Freight Shed in Local Yards—Time Table to Vermilion

The new Canadian Northern Railway bridge which is being built across the Saskatchewan river at Fort Saskatchewan will be one of the most pretentious bridge constructions in the province of Alberta. May & Sharpe, the contractors, have 265 men in the camp at the river working on the bridge. The superstructure is already commenced on the piers. The main bridge will be 750 feet long, the west approach 1,600 feet and the east approach 100 feet, making in all a structure 2,450 feet from end to end. From the water to the rail it will be 80 feet. There will be five spans upheld by two piers in the water and two abutments on the river bank. It is designed to carry vehicular as well as railroad traffic, with two decks, the top one for the railway and the lower vehicles. The piers are to be of cement and the structural work of steel built by the Canadian Foundry Company of Toronto. The whole work is to be completed by April first, before the ice goes out of the river.

FREIGHT SHED CONTRACT

A contract was let yesterday to May & Sharpe of this city for the construction of a freight shed for the Canadian Northern Railway which is to be completed and ready for occupancy not later than two weeks from today. The new structure, which will be of wood with metallic sheeting will be 150x40 feet in size. The site is in the C.N.R. yards just west of the depot. All local freight will be delivered at the new shed after Jan. 1.

MILEAGE IN ALBERTA

The Canadian Northern Railway has 177 miles of railway in operation in the Province of Alberta and 50 miles graded ready for steel as soon as the snow goes off in the spring.

AFTER MORE TARIFF

TO BENEFIT "THE HAT"

Medicine Hat Board of Trade Wants a Tariff Wall High Enough to Shut Out American Goods.

Regina, Dec. 18.—Following is a copy of a resolution of the Medicine Hat board of trade which was presented to the tariff commission at the session here on Saturday.

To the Tariff Commision sitting at Regina,

"Gentlemen: We would like to draw the attention of the tariff commission and the Government to the great natural advantages which Medicine Hat possesses as a location for manufacturing industries. We have an our town three natural gas wells having at the present time a flow of nearly four million cubic feet of gas per day. The indications are that natural gas underlies not only the townsite itself, but a wide area od the surrounding country. Nearly all the inhabitants of the town are using natural gas for lightiug, heating, cooking and power purposes. The cost per horse power does not exceed 2 1-2 cts. per day at the outside. The coal mines of Lethbridge are not far distant and there is also good coal within a mile and a half of the town of Medicine Hat. We have suitable clay for making sewer pipes as well as pressed brick and common brick. Considerable quantities of wool of fine qualities are produced in Southern Alberta. We have already one woollen mill and there is room for great expansion of the industry which would give encouragement to sheep raisers to increase their flocks.

"With all these great advantages Medicine Hat ought to be an important manufacturing centre. The demand for manufactured goods throughout the North West is already very large and is increasing every year in an amazing way. We think therefore that if the Canadian tariff were made high enough to shut out American goods that flood this country, many of the manufacturers of the United States would start branch factories in Medicine Hat. In asking for a high tariff against the United States, we are not moved by any feeling of hostility at that country. Many of our best settlers come from the United States, but they come here to better their condition because land is cheap in a new country and they will be glad to have a home market near at hand, such as will be created by the establishment of manufacturing industries in the Canadian North West.

"We think that the American settlers generally will be pleased to see the tariff raised as high as that of the United States because they know the development of the United States has been greatly assisted by high protection and they naturally desire the country in which they have settled to grow and prosper.

"We understand that the Government has intimated that Parliament may be asked to adopt a high protective tariff against foreign countries with a low protective tariff against the United Kingdom. This approval should meet with all classes of Canadian people irrespective of party and if all foreign countries are treated alike none of them can have just cause for complaint, it has been pointed out by the Minister of Finance that it is the minimum tariff which settles the rate of taxation. if the taxation on goods imported from England is moderate it will make little difference to the consumer how high the tariff against foreign countries may be on the same articles. Suppose for instance that there is a low tariff on goods imported from England and a high tariff on the same class of goods imported from the United States the American manufacturers must reduce their price in Canada to meet the British competition. A general increase in duties against foreign countries would, therefore, not be burdensome to consumers provided a moderate tariff is maintained on British goods. In other words the British preference will act as a safety valve. There are cases where British competition is unfairly pressing the Canadian predicer and a higher minimum duty may be necessary to save a Canadian industry from extinction. but speaking generally we thing that a wise plan is to maintain moderate duties on British imports while making the tariff on foreign goods much higher.

"We think after revising the tariff the Government should immediately make a special effort to attract American manufacturers to the Canadian North West. The immigration department has been carrying on an energetic campaign among the American farmers. An equally energetic campaign should be carried on among American manufacturers. They should be invited to come and see the country and judge for themselves. But before extending such an invitation the tariff should be raised so high that they will realize when they come that if they wish to sell goods in the Canadian North West they must make them here.

"The Government should also endeavor to induce British woollen manufacturers to establish branch factories in the Canadian North West, bringing here their expert workmen.

"It is not necessary to point out that the establishment in Medicine Hat of a number of factories employing many hands will be a great advantage to the ranchers and farmers for many miles around as everyone of the workmen and their families will have to eat Canadian farm products."

LOCAL

—A. E. Jackson, P. Anderson and A. Brown, returned yesterday from a two week's hunting trip in the Beaver Hills. They brought in three fine elk.

—Battleford Herald: That Battleford is by no means dead is evidenced by the fact that buildings of a better class than formerly are continually being started in our town. The latest venture, we understand, is the formation of a company of local men to build a large and up-to-date hotel, to cost about $40,000.

—R. J. Hutchings, president of the Calgary board of trade, and F. W. Dawson, chairman of the wholesalers section of the board, who have been absent in the east for the last two weeks conferring with railway officials regarding better freight rates for the city, and presented their report to the wholesalers and jobbers' section of the board of trade. Their report was a most satisfactory one.

—At Prince Albert on Friday, before the tariff commission the board of trade, represented by Judge McGuire and President Hall, asked for a reduction of 50 per cent. in the duty on agricultural implements and the president of the agricultural society strongly endorsed the claims of the Manitoba Grain Growers. He also pointed out that customs regulations were being transgressed by incoming settlers, who bring extra machinery and dispose of it to Canadians. The commission adjourned to meet in Regina Saturday.

—Calgary Herald: Last week the Rev. G. W. Kerby, pastor of the Central Methodist church, received a pressing invitation to accept the pastorship of one of the leading churches in Toronto. The call meant a higher salary and a four years' term, but in view of the great opportunities and responsibilities in connection with his present charge and a unanimous invitation from his official board to remain here a fourth year, Mr. Kerby decided to decline the Toronto call, tempting though it was. The fact that this popular and successful minister has received three calls from eastern churches in the past three months, indicates that his work in Calgary is appreciated abroad as well as at home.

—Mail and Empire: In the office of Deputy Attorney-General of Alberta Mr. Sydney B. Woods will find congenial work and plenty of it. Upon his department will fall the task of equipping the new province with an important part of the apparatus of government—such as a perfected municipal law, an assessment act, internal railway legislation, the shaping of legal procedure, and the forming of many institutions that enter into the organization of a province. For public service of this kind Mr. Woods' strong bent towards constitutional law and his ten years' practice at the Bar of Ontario are an excellent preparation. From very bright prospects in his profession he turns to an official career along which he is sure to make his way forward.

—Battleford Herald: On Wednesday last the body of M. Mayne, who lived near Radisson, was found in a bluff near that place. Mr. Mayne, who lived alone, had been nursing a settler who had typhoid fever and is supposed to have developed the same disease and to have left his house while in a delirious state. He had started without a hat or coat and was within a quarter of a mile of a neighbor's house when he began traveling in a circle. After a while he struck out again but began circling once more and finally, apparently exhausted, had crawled into a bluff where his body was found. Mr. Mayne was well known here having lived in town for one winter, and had been missionary at Jackfish and Baljeanne. The body was forwarded to Gladstone, Man., where he had relatives.

—High River Times: We have it on good authority that R. A. Wallace, M.P.P., has the refusal of the Speakership of the new Legislature. It was felt by Mr. Wallace and his supporters generally he was entitled to higher honors than this and it is still expected that before long he will be a member of the cabinet. As a matter of fact Mr. Wallace was promised the portfolio of agriculture by Mr. Rutherford, and as the promise was not fulfilled, some compensation is due him. Hon. Dr. DeVeber will no doubt receive the long expected appointment to the Dominion Senate very shortly and it is more than likely that when this occurs there will be a cabinet shuffle and our representative will receive a portfolio to which he is entitled by reason of the fact of his previous parliamentary experience and of his representing perhaps the most important constituency in Alberta. If Mr. Wallace accepts the speakership he will do so as a temporary arrangement only, and on the understanding that it is only a stepping stone to higher things.

FAMILY BURNED

Crookston, Minn., Dec. 18.—An entire family perished in flames that destroyed the Martel home at Red Lake Falls. Peter Martel, the husband and father, who was sleeping down stairs awoke at an early hour to find his room a mass of flames. Finding the staircase burned he rushed to the barn to get a ladder to rescue his wife and three children who were in the rooms above. He entered the second storey through the window, and as he did so the floors gave way and all five persons fell into the seething furnace below.

PRICES FIRM IN FARMER'S MARKET

Heavy Deliveries of Oats This Morning—Brewery Co Buys Barley To-Morrow

The farmers' market today is reported quiet with prices ruling firm, wheat holding steady and oats easing off a trifle. The bad condition of the roads makes deliveries light, although considerable hay is offering on the city market, and oats are coming in fast. The market clerk reports the prices ruling on the city market today as follows:

Prairie hay, $6 to $12 per ton.
Timothy $12 to $16 per ton.
Coal, $3.50 to $4.
Malting barley, 30c to 35c.
Feed Barley, 24c to 27c.
Oats, 23c to 24c.

The Alberta Milling Co. reports No. 1 Northern 65 cents; No. 2, northern 62c; No. 3 northern, 60c; No. 4 wheat 57c.

The Dowling Milling Company reports as follows: No. 1 northern, 65c; No. 2 northern, 60c to 63c; No. 3 northern, 55c; No. 4 wheat, 50 cents.

The Brackman-Ker Co. quote oats at 20 to 25 cents in Strathcona. In Edmonton the price offered at the Brackman-Ker flat warehouse is 22 cents for highest quality feed oats and 23 cents for milling oats. The Edmonton agency reports deliveries very brisk this morning, four or five teams being in waiting all morning. The average deliveries have been 800 bushels a day for the past week.

The Edmonton Brewing Co. report that they are paying 30 cents for 92 per cent germination barley and two cents for each per cent higher. For the past week or ten days the Edmonton Brewery has not been taking any barley, as their warehouse capacity was filled up, but their new warehouse, capable of holding 8000 bushels, will be completed today and they will be ready to take all the barley offering tomorrow. They report the samples offered as being good whenever proper care has been taken of the crop.

R. T. Wilson.

REV. McMILLAN LECTURED LAST NIGHT

As a continuation of the opening of the new Presbyterian mission on Queen's avenue, Rev. J. W. McMillan, delivered his lecture, "The Gael and the Teuton" last evening. There was a good attendance.

Mayor McKenzie was chairman and said he appreciated the honor of presiding over the first meeting of the kind in the new church. But the honor was more especially meant for the parent pioneer congregation of Knox church, and as member of that parent congregation, he would tender their heartiest congratulations to the new congregation and their pastor. It was in 1893 that he had first attended a church service in Edmonton. There were present that day eleven people in the morning and twenty-two in the evening. There had been wonderful growth and development in all the churches since then.

A short musical program was rendered. There was an instrumental quartette by Messrs. West, Johnson, Dineen and Plowright, with three mandolins and a guitar. Miss Webster sang a solo with violin obligato by Miss E. Webster, which was greatly enjoyed. The mandolin and guitar quartette rendered another selection, and R. G. Lowe sang "The Village Blacksmith."

Some years ago Rev. Mr. McMillan enjoyed a trip through Britain and on the continent, and his lecture, "The Gael and the Teuton," tells of his adventures while abroad, and contrasts the characteristics and customs of the Gael in Scotland and the Teuton in Germany. The lecture throughout sparkled with wit and humor, and many a hearty laugh was created by his recital of amusing incidents of the tour. Altogether, Mr. McMillan's lecture was pronounced by all to be first-class, and he was tendered a hearty vote of thanks to which he replied most happily.

LOCAL

—Mr. and Mrs. St. Jean, of St. Albert, were in the city yesterday.

—C. Cairns, messenger for C. P. R. telegraphs, is distributing his annual Christmas cards this week

—Jas. Elliott and wife and two sons, of Dauphin, Man., arrived in the city last week, and have taken up their residence on Clark Street.

—Messrs. R. Hobson and R. Hardisty will shortly open a real estate office in the premises on Jasper Avenue formerly occupied by the 99c. Store.

—Wm. Bowden, a young man who hauls coal for the Mays Coal Co., narrowly escaped a serious accident yesterday. He was guiding a team with a heavy load of coal down the hill towards the E.Y. & P. station. In turning out for another load coming up, Bowden's wagon slewed around and toppled over, knocking Bowden down and smashing the wagon generally. Bowden was taken to the Public Hospital, where it was found his back had been rather badly bruised. He will be around again however in a few days.

—Geo. F. French, of Edmonton, has just completed a painting entitled "Christ Entering Gethsemane." It is a life-size painting on a canvas 5 by 7, and is a copy of the famous painting of Raphael. Hoffman and Plockhorst. Mr. French has decided to offer this painting as a Christmas gift to the young people of the city, and votes will be taken as to where the painting is to be hung, or what organization shall have possession of it. The painting will be exhibited in Reed's Bazaar, Jasper Avenue west, this week. A ballot box will be placed in the store, and those wishing to express their opinion as to where the painting should hang, may deposit 10c. and cast their vote. Mr. French made a similar presentation a year ago to St. James' Mission, in the Yukon, of the picture "The Saviour Praying in Gethsemane."

—Winnipeg Commercial: We received this week a nicely illustrated booklet presenting in an attractive form something of the marvellous progress, the splendid present and the pregnant future of the city of Edmonton. Probably in no other city in the great Canadian west has the old order changed, giving place to new so rapidly, so completely and withall so substantially and with such little evidence of feverish boom. Rapid as the progress has been, it is to-day justified by the unquestionable prosperity of the district upon which the city depends and of which it is the commercial and financial heart, not less than by the measureless prospects which admittedly lie before the "Metropolis of the North." A significant illustration in the pamphlet is a cut of three locomotives standing side by side, showing on their respective fronts "C.P.R.," "C.N.R.," and "G.T.P.," representative of the three great railroads that will make Edmonton one of their central points in the great Northwest. The leading articles in this booklet bear the signatures of Secretary Fisher of the Board of Trade, G. I. Grogan and C. S. Wallis.

FIFTY-ONE MILLION.

Winnipeg, Dec. 12.—(Special.)—According to a statement issued by Frank O. Fowler, secretary of the Northwest Graingrowers' Association, there has been 51,180,200 bushels of wheat marketed up to December 9, and he estimates, after deducting 17,500,000 for seed and the country mills' requirements, there is still to come forward 18,130,200 bushels.

CALGARY LIBERALS ELECT OFFICERS.

The annual meeing of the Calgary Liberal Association was held last week. The following officers were elected for 1906:

President— Dr. C. J. Stewart.

1st Vice-Pres.—I. S. G. VanWart.

2nd Vice-Pres.—Col. Walker.

Secretary—S. L. Jones.

Treasurer—A. M. Grogan.

Executive Committee—W. Stuart, J. F. Glanville, R. A. G. Bell, J. C. McNeill, H. S. McLeod, W. M. Davidson, W. B. Barwis, James Twohey, E. B. Shaw, James Short, William Diamond, Dr. Anderson, Dr. Mason, J. C. Macdonald, and C. B. Reilly.

The question of permanent quarters for the club were taken up, the suggestion was endorsed, and recommended to the committee.

COMPLIMENTARY BANQUET

Mr. L. Dubuc, newly elected member for Peace River, was tendered an informal banquet at the Richelieu Hotel by his friends in the city last evening. There were about eight gentlemen present. Clarke's orchestra furnished music during the evening.

Mine Host Pomerleau was highly praised for the excellent supper provided, and after those present had done full justice to the repast, Dr. Blois, as chairman of the evening, rose and proposed the health of "His Majesty King Edward."

The toast of "The Dominion" was proposed by Wilfrid Garlepy, and responded to by Geo. Roy and DeBlois Thibaudeau.

"Our Province," proposed by S. N. Despins, was responded to by J. H. Garlepy, and Mr. Fairbanks.

"Our Guest," proposed by Omer St. Germain, was replied to by Mr. Dubuc amid cheers.

"The Liberal Party," was proposed by Oscar Tessier, and replied to by Mr. Prince.

"Young French Canadians," proposed by J. H. Garlepy, received a reply from Dr. Blais.

"The Ladies" proposed by Albert Dubuc, was replied to by Rene Lemarchand.

"The Press," proposed by Mr. Terreault, was responded to by Editor Bolleau of Le Courier.

The hall was prettily decorated with bunting and flowers, and the speeches were clever and humorous.

THINKS WELL OF THE FORT

Geo. H. Shaw, traffic manager of the Canadian Northern, paid a visit to Fort Saskatchewan yesterday to look up the traffic possibilities in that interesting centre and on his return stated that he considered Fort Saskatchewan one of the most promising little towns along the whole line of the C. N. R. The completion of the traffic bridge across the Saskatchewan river there, he said, would make directly tributary to that town a large area on the west side of the river of the finest farming land in the province, which, added to the fertile district surrounding it on the east side would guarantee an extensive and ever-increasing farming trade for the new centre. Mr. Shaw said that he had every reason to believe that the number of settlers who will make their homes in the district surrounding Fort Saskatchewan next spring will be unprecedentedly large. He looks for a town of at least 2000 people at that point within a very short time.

THREE CHILDREN SUFFOCATE

CALGARY ITEMS

Calgary, Dec. 18.-The G. F. Stephens & Co., and the Winnipeg Paint & Glass Co., are two of the latest eastern wholesale companies to build warehouses here, in order to properly take care of their rapidly increasing business. Both firms will erect large, substantial, solid brick and stone buildings in the wholesale district on Eighth avenue, between First and Second street west. G. F. Stephens & Co. will commence building operations at once, and will be able to occupy their new quarters in the spring. The Winnipeg Paint & Glass Co. will apply to the council for permission to put up temporary quarters to be used for a short time, but will be in their new building before the summer is over.

After a lengthy argument between the counsel in the Dennis-Edwards libel case yesterday afternoon, Magistrate Smith granted the defendant an adjournment for one week in order to permit him to secure the attendance of witnesses now outside the jurisdiction of the court.

—The city commissioners, in consideration of the question of having a system of house numbering established in the city, have recently been obtaining prices and considering various styles of figures to be used. One very favorably looked upon by the commissioners was a figure three inches high, nickel plated on a zinc base, and with a bright nickel finish. This figure is priced at 7c. A smaller one of the same style, two inches high, is priced at 5c. This, however, was thought to be too small. The Philadelphia system of numbering will be adopted, each block being numbered.

After leaving the police force he was interested in the hotel business, having at different times the Palace and Royal Hotels under his management. He was also interested in the Bodega saloon at one time. Previous to coming to Calgary he was chief of police of Winnipeg, which force he joined in 1876. HOCKEY TEAMS GETTING IN SHAPE

The senior and intermediate teams of the Thistle Hockey Club lined up again last night at the rink, for practice, and for a couple of hours played a swift game. The intermediate team for the game in Calgary on New Year's day was to have been picked last night, but as the boys could not secure the ice at seven, the team was not made up. Manager Corbett has secured the ice for the intermediate for seven o'clock on Thursday night and if all the boys are on hand, the team will be picked. A telegram came from the manager of the Calgary intermediates last night, saying that they were ready to play the game, and would expect the boys on New Year's.

Both senior and intermediate players are getting into splendid condition, and some fast playing is expected this season.

The senior team have challenged for the Peterson cup, at present held by the Strathcona team. There are five games to be played for this cup, the winner of three of the games securing the cup. The first game between the two teams for the cup will likely be played early in January.

Humboldt, Dec. 18.—On leaving Humboldt this evening a deputation from the passenger from Edmonton and vicinity waited upon Mr. James in his private car Dauphin and presented him with the following address congratulating him upon the inauguration of the train service between Edmonton and Winnipeg on the Canadian Northern:—

E. R. James, Esq.,

Dear Sir:—We the undersigned citizens of Edmonton and passengers on this the first train from our city to the east, take this opportunity to express to you and your company our appreciation and thanks for the excellent train with which you have provided us.

We are very well aware of the many difficulties that a new service has to contend with and the amount of energy that your company has displayed to provide us with this train. While we have looked for a good service from you, we wish to express our entire satisfaction on the equipment, Dining Car service, courteous treatment from your employees, and on the excellent time that has been made. We wish to extend to both yourself and your company our heartiest good wishes for a happy and prosperous new year. We are yours sincerely. Ned. J. F. Murrie, A. W. Robinson, A. L. Miller, Jos. SURVEYORS WILL WORK ALL WINTER

The Betts survey party, which came in on Saturday last from Sturgeon Lake, where they were engaged in laying out the line of the G. T. P. between there and Wapiti Pass, will leave again tomorrow in the same direction to take up the work between Sturgeon Lake and this city. When the party left Sturgeon Lake their supplies were about all used up and they left little or nothing behind them, so that it was necessary to come to the city for a new outfit. It took twenty-seven days to make the trip in, a distance of about 290 miles, most of which, however, is over a very rough trail and part of the journey through a bad muskeg country. Any more than a general reconnaisance, nothing has been done toward laying out the G. T. P. from here to Sturgeon Lake and the Bett's party will run trial lines in that territory. There will be 20 men in the party and they will be out all winter.
